COACHMAN[®] garage doors

Coachman[®] garage doors give your home classic elegance while complementing your home's architectural style. With four distinctive series, Coachman offers the sophisticated expression of a carriage house door with the science of durable steel and composite construction. It's the perfect blend of beauty and practicality—masterful in the details and innovative in design—and it's only from Clopay.

4-Layer Construction

intellcore[®]
insulation technology

Warmer. Quieter. Stronger.

Coachman[®] garage doors featuring Intellcore[®] insulation technology represent the ultimate smart choice for homeowners. Clopay's Intellcore[®] is a proprietary polyurethane foam that is injected into a garage door, expanding to fill the entire structure. The result is a door with incredible strength and durability. Its dense insulation also produces a quieter door, and with one of the industry's leading R-values of 18.4, it provides year-round comfort and improved energy efficiency. Smart, indeed.

Composite overlay with beveled coped edge and center groove creates a detailed carriage house look.
